A TALE OF HORROR!

A Sheriff's Posse Attempts to Arrest a Negro Charged With Crime and a Bloody Battle Ensues.

MERIDAN, Miss., Dec. 18.—A number of telegrams were received here yesterday morning stating that a riot had occurred at Wahalak, Kemper county, fifty miles north of Meridan, and that Holly Morton, of this place, had been killed. A party of twenty men at once organized and left for the scene on a passenger train. Subsequently another party of forty was raised and left on a special train. A posse returned on the regular mail train last night and reported everything quiet at Wahalak, and that their presence was not required. They told the following story of the riot:

Last Thursday the son of G. F. Nicholson, a prominent farmer of Kemper county, was driving along the road, when he met a negro desperado named Maury, driving in the opposite direction. Young Nicholson's vehicle, by accident, came in collision with that of the negro, who kept in the middle of the road, as if determined to drive the boy out. The negro cursed the youth, when old man Nicholson appeared and interferred. The negro thereupon drew a revolver, but instead of firing, closed with Nicholson and knocked him senseless with the pistol. The negro then fled. The following day Nicholson told his friends of the assault and Saturday it was determined to organize a posse and arrest the marauder.

Information of this determination of the whites reached the negroes in some way. It is said two white men gathered a party of negroes together at church, Sunday night, and after haranguing them, organized a force of ten of them to resist any attempt to arrest Maury, or an attempt on his house. These whites are known to the people of Wahalak, but the names can not be learned. There is a settled determination to lynch them when found, and people argue that when they are hanged it will be a proper time to make their names known.

The negro forces, headed by the two white men, went to Maury's house when the church meeting adjourned and concealed themselves in a smoke house and cotton houses. Very soon after the posse of white men came up the road and halted in front of Maury's house. Four of them walked up to the house, but found it deserted. They then went to the smoke house, where they found three negroes. These men were questioned as to Maury's whereabouts, but pretended they could not tell. While the whites were trying to gain some information from them, a man on the outside shouted: "here is Maury, suppose you come and arrest him."

The whites rushed in a body from the building, and as they emerged, were met with a volley from eight or ten masked men with shot-guns. Wm. Vaughn was seriously wounded by buck-shot in the left arm, neck and shoulders, and another man, whose name the whites will not reveal, received a slight wound in the hand. This volley came from the cotton house and was promptly returned by the whites, but the negroes, being behind stout plank walls, received no injury. The whites soon discovered that they were fighting at a great disadvantage and moved around to the north structure. Here they received another volley, resulting in the instant death of Henry Maury and the wounding of his brother, J. F. Maury, in the arm, near the elbow.

The whites now drew off, and the firing ceased temporarily. Another attack was made by approaching from the south side, when they received the third volley. Seth Cobb received twenty-two buckshot in his breast and stomach, tearing the entire front part of his body away. John Drew, another of the whites, was probably mortally wounded by a pistol ball in the groin. The whites again drew off for consultation, when it was decided that another attack with a reduced force would be useless, and they determined to wait for daylight and reinforcements. While they were consulting, the negroes rushed from the cotton houses to Maury's residence in a body, and proceeded to fortify that building, and the whites went back to Wahalak.

Yesterday morning another force of fifty men proceeded to Maury's residence. The place was found entirely deserted, even the bedding and furniture having been removed. The whites burned the buildings on the place, together with those on the farm adjoining, and scoured the woods for five miles around the scene of the trouble, but found no negroes. The white people from the adjoining towns poured into Wahalak all day and joined in searching, but as none of the negroes, except Maury, were known, they accomplished nothing.

They say the whites throughout Kemper county are very sore and think more trouble will occur. It is certain that if any of the negroes who fired on the whites are caught, they will be killed at once. The feeling, however, is now against the two whites who are said to have organized the negroes.

Not a single negro is known to have received any injury. Two white men, besides those already reported, were wounded, but as their hurts are slight, their names are not given for prudential reasons.

It does not appear that the whites, in attempting to make arrests, were acting under legal authority, but they are sustained by the entire white population of Kemper and adjoining counties, and it is unlikely any proceedings will be taken against them.

BREAKS OUT AT ANOTHER PLACE.

JACKSON, Tenn., Dec. 18.—A desperate fight between the negroes and whites took place in one of the districts of this county Friday last. Will Hicks, a negro, sued Peter Brown, for settlement. While Mary Brown, the daughter, of the defendant, was on the witness stand, Hicks questioned her in a very insulting manner, and when her brother Tom interferred and asked Hicks not to insult his sister, the negro swore he would say what he pleased, and knocked young Brown down with a heavy stick.

A general fight then ensued, in which several negroes were stabbed and blood flowed freely. Peter Brown was knocked senseless with a brick and is probably fatally wounded. The negroes sent to this city Sunday for ammunition and are armed with shot guns, pistols and knives, and swear they will not be arrested. Officers went from here yesterday to arrest them. The result is not yet known but serious trouble is feared.

THE DEFICIENCIES.

Why They Exist in the Republican Assessment Fund--The Salaries of State Officers.

INDIANAPOLIS, Dec. 18.—The publication of some inside history of the late republican campaign has caused a great deal of comment. Said a representative of State Secretary Griffin this morning: "It is true that Mr. Griffin did not pay his full assessment of $1,200. He did pay $750, however, and would have paid more had he been able. The distribution of assessments was not at all equitable. The total income of the state secretary, including salary and fees, amounts to about $5,000 per year. The state auditor, who was assessed the same, gets from all sources about $15,000 per year. Last year, it is well known, Mr. Lemcke's receipts from the treasurer's office were immense, perhaps $35,000. The attorney generalship pays in all $9,000 or more, and the governor can get $2,000 above his regular $5,000 salary by good management. Now, in the face of these facts, Mr. Griffin felt that it was entirely unfair that his proportion of the campaign expenses should be as large as that of the better paid officials. He would have paid up, however, in full had he been able, but he is a poor man, and has positively no resources aside from his income from his office."

Took Poison.

LOGANSPORT, Ind., Dec. 18.—John H. Arthur, a well-known butcher of this city, went to his home Saturday night and announced that he had taken poison. A physician appeared with a stomach pump and the drug was cleaned out of him. Arthur has refused to state whether he took the poison with suicidal intent or through mistake.

A Wheat Thief Caught.

HARTFORD CITY, Ind., Dec. 18.—Sheriff Wingate arrested Jake Groonendyke last evening on a charge of stealing wheat from William Carroll and hauling it to Eaton and selling it. Jake is a young man and a brother of the one arrested a few evenings ago.

NO SENATE RECESS!

The Republican Senatorial Caucus Decide Not to Adjourn for the Holidays—Congress To-day.

WASHINGTON, Dec. 18.—The republican senatorial caucus this morning decided that the senate shall continue in session, without a holiday recess until the tariff bill is disposed of, letting the house take a recess if it so desires. It was also decided to hold two sessions daily, beginning at 11 a. m. and 8 p. m.

SENATE.

A resolution for evening sessions was taken up and an amendment offered to it by Merrill, providing that (until otherwise ordered) the daily hour of the meeting will be at 11 a. m., and that at 5:30 each day a recess be taken till 8 p. m. Mr. West opposed the resolution.

AGITATING LABOR.

A Secret Meeting of Labor Agitators Held at Chicago.

CHICAGO, Dec. 18.—It is learned that at a secret meeting of the Central Labor Union Trades association, held Sunday night, Albert Currlin, a well known agitator, delivered an address on "Centralization and Federation." He advocated the federation plan, which, he said, has been adopted by the International union. "In this system," he said, "the laborers are organized in little groups of from five to twenty members or more, then there is not so much danger from spies and the police." On his motion the organization of ward clubs began.

TROUBLE IN TEXAS.

The Coal Miners in Texas are Turbulent--The Governor Called on for Protection.

ST. LOUIS, Mo., Dec. 18.—Dispatches from Texas say the miners of the Texas and Pacific coal company, in Erath county, have been on a strike for a month past and are becoming quite uneasy. Last Friday night some new men were attacked and badly beaten. There was constant firing of guns and pistols between the strikers and the new men all night, but no serious casualties. The sheriff's force is inadequate and the governor has been appealed to. The sheriffs of the adjoining counties have been ordered to the scene of conflict and a company of state rangers will probably be sent there.

CHAIRMAN QUAY.

He Will Visit His Chief at Indianapolis To-night.

PITTSBURG, Dec. 18.—Chairman Quay, of the republican national committee, left for Indianapolis this morning in company with Chairman Britton, of the inaugural committee. They will arrive at 10:30 to-night and a conference with President-elect Harrison, John C. New and others, will be held probably to-morrow. Among the matters to be discussed will be the arranging of certain details for the inauguration.

LOCAL ITEMS.

W. D. Jones, of Portland, Ind., is a guest of the Aveline house.

A bold attempt was made to burglarize the residence of Mrs. Ryan, on West Lewis street, last night. The rascals were fired on and ran away.

While at Maysville some days ago thieves stole a sample case from A. L. Bagby, traveling agent for Greibel, Wycoff & Becker, the head-stone men. The rascals found only grave stone samples and abandoned the stuff in disgust. Sheriff Viberg recovered the property.

COMING HOME.

Rt. Rev. Bishop Dwenger Will Arrive in the City at 7 O'clock This Evening.

Telegraph advices from New York to Vicar General Brammer, this morning, say that Rt. Rev. Bishop Dwenger is a passenger on Pittsburg passenger train No. 9, due her at 5:10 o'clock, this evening.

It is a fact that the distinguished prelate wishes to avoid an elaborate reception, but he can not consult his own wishes so great is the joy of the Catholics of Fort Wayne at his coming home.

Rev. Father O'Leary left for the east last night, and met the bishop at Pittsburg this morning. This afternoon the church committees, heretofore named and appointed, left for the east on a special train, and will intercept the prince of the church at Lima, bringing him into the city at 7 o'clock.

The Catholic societies of this city, headed by the city band, will escort the bishop from the depot to the Cathedral where he will be greeted by the priests of the diocese, who are all here, and a vast congregation.

The church is beautifully festooned and decorated in his honor and the altars are bright with natural flowers.

The bishop will preach and bestow the apostolic benediction.

CHANCELLOR LANG.

He Returns From His Pilgrimage to Rome.

Rev. John F. Lang, secretary to Rt. Rev. Bishop Dwenger and chancellor of the diocese, arrived home last night from his European tour and pilgrimage to Rome.

Father Lang left New York in advance of Rt. Rev. Bishop Dwenger in order that he might stop at Delphos to greet his relatives and he did so, arriving here last night on the Pittsburg accommodation, after 7 o'clock.

The hour of his coming was not generally known, but, nevertheless, he was met at the depot by the clergy of the Episcopal residence and a party of personal friends, who extended to the brilliant clergyman a warm welcome.

Notwithstanding the rough voyage, he is in the best of spirits and looks the picture of health. THE SENTINEL extends to him its choicest welcome.

THE NICKEL PLATE.

It Will Come to the Front as a Passenger Road.

It is highly probable that the Nickel Plate road is to enter the field as a passenger line. Since built, it has been used principally as a freight line, over which rates could be shaded. A gradual transformation in the physical condition of the property has been going on the last eighteen months. Grades have been reduced, curves straightened and iron structures put in place of the wooden bridges. The road is now said to be in excellent condition to move trains over it at high speed.

A BOY SHOT.

A Son of Mr. John Connros Accidentally Wounds Himself With a Pistol.

Last evening, William, the fourteen-year-old son of Mr. John Connors, of South Webster street, while playing, accidentally shot himself in the leg with a revolver, which he had in his pocket. The bullet entered near the thigh and passed downward for several inches, inflicting a painful and serious wound. Dr. Schutt was called and probed for the bullet, but it has not yet been found.

All members of the Epworth league are earnestly requested to be present this evening at the meeting held in the library of the Berry Street M. E. church.

The regular meeting of St. Julien Council, No. 89, C. B. L., will be held on Thursday evening, December 20, instead of this evening, owing to the arrival of Rt. Rev. Bishop Dwenger this evening.

THE MAHONING ROAD.

It is Now Completed from Findlay to Glandorf, and Work is Being Rapidly Pushed.

OTTAWA, Ohio, Dec. 18.—Men in the employ of the New York, Mahoning and Western railroad are constructing the road further west from this place. It is now built to Glandorf, about two miles from here, and soon will be finished to Ottoville. The cost of building the road amounted in the aggregate to $28,000, the distance from the Hancock county line, where the road begins in that county to the end of the county being twenty-five miles. From Ottoville it will be carried on to Fort Wayne, Ind., sixty miles, at the estimate cost of construction of $60,000. The material used in building the railroad is of the best quality, and when it is finished it will be one of the best in the United States.

SOMETHING ELEGANT.

The Handsome Neckties Seen at the Store of Golden and Monahan.

"That is indeed a beauty," remarked a traveling man who dropped into the store of Golden & Monahan, last evening, and was looking at the elegant silk neckties of the latest styles, which they have just received, "and in all my travels I have not seen their equal." He but voiced the sentiment of every one who has looked at them, for they eclipse anything ever brought to this city. They would make a handsome Christmas present, and if any of our lady readers are puzzling their brains about what to buy for their gentlemen friends we would advise them to get one of those elegant neckties, or a handsome silk umbrella, of which they have a handsome and complete stock.

TUESDAY, DEC. 18, 1888.

THE federal grand jury is again prosecuting its investigation of the election frauds, at Indianapolis.

IF the United States senate could dispose of Messrs. Ingalls and Riddleberger jointly, it would elevate itself in the estimation of the public.

The Catholic population of the United States in 1776 was 50,000, and now is at least 12,060,000, showing that it has increased about 240 times the number it was a century ago.

THE Warsaw saloon keepers have put their names to an agreement presented by the marshal pledging that they will sell no more goods on Sunday or after 11 o'clock at night. How would it do to introduce such a plan in this city.

THE carpet manufacturers of Pennsylvania have reduced the wages of their employes 10 per cent since the election. What a handsome vote that state gave to insure "protection" that does not protect the laborer from the encroachments of the carpet trust.

THE spectacle of Mr. Riddleberger appearing daily in the senate chamber in a drunken stupor is a national disgrace, and Mr. Riddleberger is a typical republican reformer—one of the chosen few selected with Senator Mahone to reconstruct the southern democracy. A pretty commentary, indeed.

EACH sixth year the state provides for an enumeration of its male inhabitants of twenty-one years and upwards. The coming year, between January and July this census will be taken. There were 536,949 votes cast in Indiana last month against 495,094 four years ago, and the coming enumeration will be very important for comparison.

IT is asserted on good authority that the republicans expended $300,000 in Indiana during the late campaign. That would make an average of something over $3,000 to each county in the state, but now comes the story, with a denial, of course, that some of this money was misappropriated. At any rate the republicans had no honest need of half the money.

THE latest version of the capture of Stanley and Emin Pasha is that they were delivered to one of the Mahdi's officers at Lado by the troops of Emin Pasha. The inference is that Stanley had reached Emin, had made his proposition, and that Emin's troops had rebelled, and, putting Stanley and Emin in chains, had delivered them to the Mahdi's troops. Lado is on the White Nile about 200 miles north of Lake Albert, where Emin expected to meet Stanley. Lado is 100 miles south of the northern boundary of the territory held by Emin.

THE appointment of Senator Leon O. Baily, as district attorney for Indiana to succeed Mr. Sellers, indicates that the government is going to pursue the election frauds and boodle conspiracies in this state with no uncertain motive. Senator Baily is a very good lawyer, courageous, forcible and clean. Besides this, Attorney General Garland has engaged Mr. Solomon Claypool, of Indianapolis, to assist Mr. Baily in all election fraud investigations, and things do not look as comfortable for the managers of "blocks of five" as they did a day or so ago. Mr. Baily will be recalled in Fort Wayne as one of the democratic speakers in the last campaign. He can not hope to hold office long, but he is the sort of a man to improve each shining hour.

A clear head is indicative of good health and regular habits. hen the body is languid, and the mind works sluggisly, Ayer's Cathartic Pills will assist in the recovery of physical buoyancy and mental vigor.

IT IS ALL FALSE.

That's What is Said About the Story of Alleged Embezzlement of Funds..

INDIANAPOLIS, Dec. 18.—The story that the republicans, who were sent by Chairman Huston to Pittsburg to get $40,000 raised by Chris Magee for use in Indiana, had embezzled the money and caused the deficit in the accounts of the state committee, is contradicted by all who are in a position to have trustworthy knowledge of the matter. Wm. Wallace, the treasurer of the state committee, said this morning that he knew nothing of anything of the kind having happened and believed it was wholly false. Attorney General Michener, who went to Pittsburg about two weeks before the election, and met Chris Magee about the alleged embezzlement, said that the stroy was a tissue of falsehoods; there was not one word of truth in it.

All those who anticipate making their wife or friend a Christmas present should call at 70 East Main street and examine the White Sewing Machine. Mr. Julius Manth is the agent and can prove to you that a more useful present than the White Sewing machine could not be made. 15eod4t&w1t

PERU, Ind., Dec. 18.—Mrs. Mary A. Miller, a Dunkard, living seven miles from this city, committed suicide. Her husband missed her about midnight and on instituting a search found her lifeless body hanging at the end of a rope in the barn. Insanity is supposed to have caused the act.

Hon. C. Edwards Lester,

Late U. S. Consul to Italy, author of "The Glory and Shame of England," "America's Advancement," etc., etc., etc., writes as follows:—

New York, August 1, 1888. 122 E. 27th st.

DR. J. C. AYER & Co., Lowell, Mass.,
Gentlemen:—A sense of gratitude and the desire to render a service to the public impel me to make the following statements:
My college career, at New Haven, was interrupted by a severe cold which so enfeebled me that, for ten years, I had a hard struggle for life. Hemorrhage from the bronchial passages was the result of almost every fresh exposure. For years I was under treatment of the ablest practitioners without avail. At last I learned of

Ayer's Cherry Pectoral,

which I used (moderately and in small doses) at the first recurrence of a cold or any chest difficulty, and from which I invariably found relief. This was over 25 years ago. With all sorts of exposure, in all sorts of climates, I have never, to this day, had any cold nor any affection of the throat or lungs which did not yield to AYER'S CHERRY PECTORAL within 24 hours.
Of course I have never allowed myself to be without this remedy in all my voyages and travels. Under my own observation, it has given relief to vast numbers of persons: while in acute cases of pulmonary inflammation, such as croup and diphtheria in children, life has been preserved through its effects. I recommend its use in light but frequent doses. Properly administered, in accordance with your directions, it is

A Priceless Blessing

in any house. I speak earnestly because I feel earnestly. I have known many cases of apparently confirmed bronchitis and cough, with loss of voice, particularly among clergymen and other public speakers, perfectly cured by this medicine. Faithfully yours,
C. EDWARDS LESTER.

Fort Wayne Sentinel.

TUESDAY, DEC. 18, 1888.

THE HUM OF THE WHEEL.

Dodging Snowflakes on the Route to Catch the News and Gossip of the Day.

The Wabash will pay off its employes Thursday.

Henry Hagerman has taken a position in the machine department of the Bass works.

There is but one republican mail agent on the Grand Rapids and Indiana railroad.

Henry Witte, of the Bass moulding rooms, so the boys say, has joined the White Caps.

There have been but few fatal wrecks in the railroads running through this city this year.

Henry Hilgeman, of the Bass works, had his hand badly mashed yesterday by a plank falling upon it.

Mr. Mackie, electrician of the Fort Wayne Jenney Electric Light works, is home from New York city.

Joseph Buckley, of the Bass blacksmith shops, has been off duty for a few days on account of inflammation of the throat.

The shops of the city will close down on Christmas and many of the employes are arranging to spend the day out of the city.

D. S. McCardel, general foreman of the Pennsylvania company's shops at Chicago, was a visitor at the company's works here to-day.

George Darker, clerk in the Bass offices, is quite sick at his home on Butler street. He has been confined to the house for several days.

The Chicago, Milwaukee and St. Paul road has issued handsome cards containing the portraits of the general passenger agent and his assistant.

A new locomotive engine left the Pittsburg shops this morning. It is the third of the old order, the other two now being in process of construction.

Ernest Cramer, of the Bass machine shops, is confined to his home with typhoid fever and inflamation of the bowels, and his condition is quite serious.

Capt. Robert Harrison, foreman at the Pittsburg car shops, is slowly improving, but he is still quite a sick man. He will not be able to resume duty for some weeks.

Henry Lohmeyer has resumed his position in the Bass moulding rooms. He was married several days ago, and has been absent from his duty at the shops in consequence.

W. C. Baade, clerk at the Pittsburg blacksmith shops, has sent in his order for new material for the department for the ten new engines which are to be built at the works.

Dakota will come into the union in first class, modern style. The railroads have begun running through sleepers and vestibule trains to Huron, the capital of South Dakota.

The Wabash had several dollars worth of brass stolen from one of their cars the other night, probably by the same thieves who went through the Pennsylvania and Muncie cars.

The Bass works are now turning out a large number of car wheels. "The outlook for a busy winter for my men is good," said Robert Cran, the foreman of the room, to our reporter.

F. C. Cherry, employed as a lamp trimmer at the electric light department of the Pittsburg shops, had his finger caught in the machinery this morning and it was badly mangled. He was compelled to go to his home.

The largest single item in the postal expense account of the National Government is that for the transportation of the mails on the various railways throughout the country. Over $5,000,000 is annually appropriated for this purpose.

"Don't Marry Him"!

"He is such a fickle, inconstant fellow, you will never be happy with him," said Esther's friends when they learned of her engagement to a young man who bore the reputation of being a sad flirt. Esther, however, knew that her lover had good qualities, and she was willing to take the risk. In nine cases out of ten it would have proved a mistake; but Esther was an uncommon girl and to every one's surprise Fred made a model husband. How was it? Well, Esther had a cheerful, sunny temper and a great deal of tact. Then she enjoyed perfect health and was always so sweet, neat and wholesome that Fred found his home most pleasant, and his own wife more agreeable, than any other being. As the year passed and he saw other women of Esther's age grow sickly, faded and querulous, he realized more and more that he had "a jewel of a wife." Good health was half the secret of Esther's success. She retained her vitality and good looks, because she warded off feminine weaknesses and ailments by the use of Dr. Pierce's Favorite Prescription.

Scrofulous humors, erysipelas, canker, and catarrh, can be cured by taking Ayer's Sarsaparilla. "I have used this medicine in my family, for scrofula, and know, if it is taken persistently, it will eradecate this terrible disease."—W. F. Fowlew, M. D., Geenville, Tenn.

MASON & HAMLIN ORGANS

The cabinet organ was introduced in its present form by Mason & Hamlin in 1861. Other makers followed in the manufacture of these instruments, but the Mason & Hamlin Organs have always maintained their supremacy as the best in the world.

Mason & Hamlin offer, as demonstration of the unequalled excellence of their organs, the fact that at all of the great World's Exhibitions, since that of Paris, 1867, in competition with best makers, they have invariably taken the highest honors. Illustrated catalogues $22 TO $900. free.

Mason & Hamlin do not hesitate to make the extraordinary claim for their pianos, that they are superior to all others. They recognize the high excellence achieved by other leading makers in the art of piano building, but still claim superiority. This they attribute solely to the remarkable improvement introduced by them in the year 1882, and now known as the "MASON & HAMLIN PIANO STRINGER," by the use of which is secured the greatest possible purity and refinement of tone, together with greatly increased capacity for standing in tune and other important advantages.

A circular, containing testimonials from three hundred purchasers, musicians, and tuners, sent, together with descriptive catalogue, to any applicant.

Pianos and Organs sold for cash or easy payments; also rented.

It never needs trimming, never smokes nor breaks chimneys, never "smells of the oil;" no gumming up, no leaks, no sputtering, no climbing of the flame, no annoyance of any kind, and **cannot explode.** And then, beside all these advantages, think of a lamp giving a *clear, white light,* 10 to 20 times the size and brilliancy of *any ordinary house lamp!*

"The Gladstone" is made of high-grade, hard rolled metal (all parts interchangeable), and in elegant designs for Dining or Parlor Table, the Study, Drawing-room, Hall or Chamber. Finished in either Gold bronze, Nickel or Antique bronze. **Every home should have it.**

The farmers tell us that the growing wheat looks much better at this time than it has for several years, the mild character of the weather this fall and winter having enabled it to obtain an extraordinary good footing in the soil, so to speak. It has been growing all the time and has become so deeply rooted as to in a great measure protect it from the alternate freezings and thawings that are incident to the changeable month of March. If the wheat meets with no unusual mishaps or back-sets it will get through the winter in splendid condition.

LAFAYETTE, Ind., Dec. 18.—Colonel G. W. Friedly, solicitor for the Louisville, New Albany and Chicago railway, stated to-day that the report of the removal of the company's shops from New Albany to Indianapolis or Hammond was a canard. A TALE OF HORROR!

A Sheriff's Posse Attempts to Arrest a Negro Charged With Crime and a Bloody Battle Ensues.

MERIDIAN, Miss., Dec. 18.—A number of telegrams were received here yesterday morning stating that a riot had occurred at Wahalak, Kemper county, fifty miles north of Meridian, and that Holly Morton, of this place, had been killed. A party of twenty men at once organized and left for the scene on a passenger train. Subsequently another party of forty was raised and left on a special train. A posse returned on the regular mail train last night and reported everything quiet at Wahalak, and that their presence was not required. They told the following story of the riot:

Last Thursday the son of G. F. Nicholson, a prominent farmer of Kemper county, was driving along the road, when he met a negro desperado named Maury, driving in the opposite direction. Young Nicholson's vehicle, by accident, came in collision with that of the negro, who kept in the middle of the road, as if determined to drive the boy out. The negro cursed the youth, when old man Nicholson appeared and interferred. The negro thereupon drew a revolver, but instead of firing, closed with Nicholson and knocked him senseless with the pistol. The negro then fled. The following day Nicholson told his friends of the assault and Saturday it was determined to organize a posse and arrest the marauder.

Information of this determination of the whites reached the negroes in some way. It is said two white men gathered a party of negroes together at church, Sunday night, and after haranguing them, organized a force of ten of them to resist any attempt to arrest Maury, or an attempt on his house. These white are known to the people of Wahalak, but the names can not be learned. There is a settled determination to lynch them when found, and people argue that when they are hanged it will be a proper time to make their names known.

The negro forces, headed by the two white men, went to Maury's house when the church meeting adjourned and concealed themselves in a smoke house and cotton houses. Very soon after the posse of white men came up the road and halted in front of Maury's house. Four of them walked up to the house, but found it deserted. They then went to the smoke house, where they found three negroes. These men were questioned as to Maury's whereabouts, but pretended they could not tell. While the whites were trying to gain some information from them, a man on the outside shouted: "there is Maury, suppose you come and arrest him."

The whites rushed in a body from the building, and as they emerged, were met with a volley from eight or ten masked men with shot-guns. Wm. Vaughn was seriously wounded by buck-shot in the left arm, neck and shoulders, and another man, whose name the whites will not reveal, received a slight wound in the hand. This volley came from the cotton house and was promptly returned by the whites, but the negroes, being behind stout plank walls, received no injury. The whites soon discovered that they were fighting at a great disadvantage and moved around to the north structure. Here they received another volley, resulting in the instant death of Henry Maury and the wounding of his brother, J. F. Maury, in the arm, near the elbow.

The whites now drew off, and the firing ceased temporarily. Another attack was made by approaching from the south side, when they received the third volley. Seth Cobb received twenty-two buckshot in his breast and stomach, tearing the entire front part of his body away. John Drew, another of the whites, was probably mortally wounded by a pistol ball in the groin. The whites again drew off for consultation, when it was decided that another attack with a reduced force would be useless, and they determined to wait for daylight and reinforcements. While they were consulting, the negroes rushed from the cotton houses to Maury's residence in a body, and proceeded to fortify that building, and the whites went back to Wahalak.

Yesterday morning another force of fifty men proceeded to Maury's residence. The place was found entirely deserted, even the bedding and furniture having been removed. The whites burned the buildings on the place, together with those on the farm adjoining, and scoured the woods for five miles around the scene of the trouble, but found no negroes. The white people from the adjoining towns poured into Wahalak all day and joined in searching, but as none of the negroes, except Maury, were known, they accomplished nothing.

They say the whites throughout Kemper county are very sore and think more trouble will occur. It is certain that if any of the negroes who fired on the whites are caught, they will be killed at once. The feeling, however, is now against the two whites who are said to have organized the negroes.

Not a single negro is known to have received any injury. Two white men, besides those already reported, were wounded, but as their hurts are slight, their names are not given for prudential reasons.

It does not appear that the whites, in attempting to make arrests, were acting under legal authority, but they are sustained by the entire white population of Kemper and adjoining counties, and it is unlikely any proceedings will be taken against them.

BREAKS OFF AT ANOTHER PLACE.

JACKSON, Tenn., Dec. 18.—A desperate fight between the negroes and whites took place in one of the districts of this county Friday last. Will Hicks, a negro, sued Peter Brown, for settlement. While Mary Brown, the daughter, of the defendant, was on the witness stand, Hicks questioned her in a very insulting manner, and when her brother Tom interferred and asked Hicks not to insult his sister, the negro swore he would say what he pleased, and knocked young Brown down with a heavy stick.

A general fight then ensued, in which several negroes were stabbed and blood flowed freely. Peter Brown was knocked senseless with a brick and is probably fatally wounded. The negroes sent to this city Sunday for ammunition and are armed with shot guns, pistols and knives, and swear they will not be arrested. Officers went from here yesterday to arrest them. The result is not yet known but serious trouble is feared.

THE DEFICIENCIES.

Why They Exist in the Republican Assessment Fund—The Salaries of State Officers.

INDIANAPOLIS, Dec. 18.—The publication of some inside history of the late republican campaign has caused a great deal of comment. Said a representative of State Secretary Griffin this morning: "It is true that Mr. Griffin did not pay his full assessment of $1,200. He did pay $750, however, and would have paid more had he been able. The distribution of assessments was not at all equitable. The total income of the state secretary, including salary and fees, amounts to about $5,000 per year. The state auditor, who was assessed the same, gets from all sources about $15,000 per year. Last year, it is well known, Mr. Lemcke's receipts from the treasurer's office were immense, perhaps $35,000. The attorney generalship pays in all $9,000 or more, and the governor can get $2,000 above his regular $5,000 salary by good management. Now, in the face of these facts, Mr. Griffin felt that it was entirely unfair that his proportion of the campaign expenses should be as large as that of the better paid officials. He would have paid up, however, in full had he been able, but he is a poor man, and has positively no resources aside from his income from his office."

Took Poison.

LOGANSPORT, Ind., Dec. 18.—John H. Arthur, a well-known butcher of this city, went to his home Saturday night and announced that he had taken poison. A physician appeared with a stomach pump and the drug was cleaned out of him. Arthur has refused to state whether he took the poison with suicidal intent or through mistake.

A Wheat Thief Caught.

NO SENATE RECESS!

The Republican Senatorial Caucus Decide Not to Adjourn for the Holidays—Congress To-day.

WASHINGTON, Dec. 18.—The republican senatorial caucus this morning decided that the senate shall continue in session, without a holiday recess until the tariff bill is disposed of, letting the house take a recess if it so desires. It was also decided to hold two sessions daily, beginning at 11 a. m. and 8 p. m.

SENATE.

A resolution for evening sessions was taken up and an amendment offered to it by Merrill, providing that (until otherwise ordered) the daily hour of the meeting will be at 11 a. m., and that at 5:30 each day a recess be taken till 8 p. m. Mr. West opposed the resolution.

AGITATING LABOR.

A Secret Meeting of Labor Agitators Held at Chicago.

CHICAGO, Dec. 18.—It is learned that at a secret meeting of the Central Labor Union Trades association, held Sunday night, Albert Currlin, a well known agitator, delivered an address on "Centralization and Federation." He advocated the federation plan, which, he said, has been adopted by the International union. "In this system," he said, "the laborers are organized in little groups of from five to twenty members or more, then there is not so much danger from spies and the police." On his motion the organization of ward clubs began.

TROUBLE IN TEXAS.

The Coal Miners in Texas are Turbulent—The Governor Called on for Protection.

ST. LOUIS, Mo., Dec. 18.—Dispatches from Texas say the miners of the Texas and Pacific coal company, in Erath county, have been on a strike for a month past and are becoming quite uneasy. Last Friday night some new men were attacked and badly beaten. There was constant firing of guns and pistols between the strikers and the new men all night, but no serious casualties. The sheriff's force is inadequate and the governor has been appealed to. The sheriffs of the adjoining counties have been ordered to the scene of conflict and a company of state rangers will probably be sent there.

CHAIRMAN QUAY.

He Will Visit His Chief at Indianapolis To-night.

PITTSBURG, Dec. 18.—Chairman Quay, of the republican national committee, left for Indianapolis this morning in company with Chairman Britton, of the inaugural committee. They will arrive at 10:30 to-night and a conference with President-elect Harrison, John C. New and others, will be held probably to-morrow. Among the matters to be discussed will be the arranging of certain details for the inauguration.

COMING HOME.

Rt. Rev. Bishop Dwenger Will Arrive in the City at 7 O'clock This Evening.

Telegraph advices from New York to Vicar General Brammer, this morning, say that Rt. Rev. Bishop Dwenger is a passenger on Pittsburg passenger train No. 9, due here at 5:10 o'clock, this evening.

It is a fact that the distinguished prelate wishes to avoid an elaborate reception, but he can not consult his own wishes to grant is the joy of the Catholics of Fort Wayne at his coming home.

Rev. Father O'Leary left for the east last night, and met the bishop at Pittsburg this morning. This afternoon the church committees, heretofore named and appointed, left for the east on a special train, and will intercept the prince of the church at Lima, bringing him into the city at 7 o'clock.

The Catholic societies of this city, headed by the city band, will escort the bishop from the depot to the Cathedral where he will be greeted by the priests of the diocese, who are all here, and a vast congregation.

The church is beautifully festooned and decorated in his honor and the altars are bright with natural flowers.

The bishop will preach and bestow the apostolic benediction.

CHANCELLOR LANG.

He Returns From His Pilgrimage to Rome.

Rev. John F. Lang, secretary to Rt. Rev. Bishop Dwenger and chancellor of the diocese, arrived home last night from his European tour and pilgrimage to Rome.

Father Lang left New York in advance of Rt. Rev. Bishop Dwenger on order that he might stop at Dennison to greet his relatives and he did so, arriving here last night on the Pittsburg accommodation, after 7 o'clock.

The hour of his coming was not generally known, but, nevertheless, he was met at the depot by the clergy of the Episcopal residence and a party of personal friends, who extended to the brilliant clergyman a warm welcome.

Notwithstanding the rough voyage, he is in the best of spirits and looks the picture of health. THE SENTINEL extends to him its choicest welcome.

THE NICKEL PLATE.

It Will Come to the Front as a Passenger Road.

It is highly probable that the Nickel Plate road is to enter the field as a passenger line. Since built, it has been used principally as a freight line, over which rates could be shaded. A gradual transformation in the physical condition of the property has been going on the last eighteen months. Grades have been reduced, curves straightened and iron structures put in place of the wooden bridges. The road is now said to be in excellent condition to move trains over it at high speed.

A BOY SHOT.

A Son of Mr. John Connors Accidentally Wounds Himself With a Pistol.

Last evening, William, the fourteen-year-old son of Mr. John Connors, of South Webster street, while playing, accidentally shot himself in the leg with a revolver, which he had in his pocket. The bullet entered near the thigh and passed downward for several inches, inflicting a painful and serious wound. Dr. Schutt was called and probed for the bullet, but it has not yet been found.

All members of the Epworth league are earnestly requested to be present this evening at the meeting held in the library of the Berry Street M. E. church.

The regular meeting of St. Julien Council, No. 89, C. B. L., will be held on Thursday evening, December 20, instead of this evening, owing to the arrival of Rt. Rev. Bishop Dwenger this evening.

THE MAHONING ROAD.

It is Now Completed from Findlay to Glandorf, and Work is Being Rapidly Pushed.

OTTAWA, Ohio, Dec. 18.—Men in the employ of the New York, Mahoning and Western railroad are constructing the road further west from this place. It is now built to Glandorf, about two miles from here, and soon will be finished to Ottoville. The cost of building the road amounted in the aggregate to $28,000, the distance from the Hancock county line, where the road begins in that county to the end of the county being twenty-five miles. From Ottoville it will be carried on to Fort Wayne, Ind., sixty miles, at the estimate cost of construction of $30,000. The material used in building the railroad is of the best quality, and when it is finished it will be one of the best in the United States.

SOMETHING RE-MARKABLE.

The Handsome Neckties Seen at the Store of Golden and Monahan.

"That is indeed a beauty," remarked a traveling man who dropped into the store of Golden & Monahan, last evening, and was looking at the elegant silk neckties of the latest styles, which they have just received, "and in all my travels I have not seen their equal." He but voiced the sentiment of every one who has looked at them, for they eclipse anything ever brought to this city. They would make a handsome Christmas present, and if any of our lady readers are puzzling their brains about what to buy for their gentlemen friends we would advise them to get one of those elegant neckties, or a handsome silk umbrella, of which they have a handsome and complete stock.

TUESDAY, DEC. 18, 1888.

THE federal grand jury is again prosecuting its investigation of the election frauds, at Indianapolis.

IF the United States senate could dispose of Messrs. Ingalls and Riddleberger jointly, it would elevate itself in the estimation of the public.

THE Catholic population of the United States in 1776 was 50,000, and now is at least 12,000,000, showing that it has increased about 240 times the number it was a century ago.

THE Warsaw saloon keepers have put their names to an agreement presented by the marshal pledging that they will sell no more goods on Sunday or after 11 o'clock at night. How would it do to introduce such a plan in this city.

THE carpet manufacturers of Pennsylvania have reduced the wages of their employes 10 per cent since the election. What a handsome vote that state gave to insure "protection" that does not protect the laborer from the encroachments of the carpet trust.

THE spectacle of Mr. Riddleberger appearing daily in the senate chamber in a drunken stupor is a national disgrace, and Mr. Riddleberger is a typical republican reformer—one of the chosen few selected with Senator Mahone to reconstruct the southern democracy. A pretty commentary, indeed.

EACH sixth year the state provides for an enumeration of its male inhabitants of twenty-one years and upwards. The coming year, between January and July this census will be taken. There were 586,949 votes cast in Indiana last month against 495,004 four years ago, and the coming enumeration will be very important for comparison.

IT is asserted on good authority that the republicans expended $500,000 in Indiana during the late campaign. That would make an average of something over $3,000 to each county in the state, but now comes the story, with a denial, of course, that some of this money was misappropriated. At any rate the republicans had no honest need of half the money.

THE latest version of the capture of Stanley and Emin Pasha is that they were delivered to one of the Mahdi's officers at Lado by the troops of Emin Pasha. The inference is that Stanley had reached Emin, had made his proposition, and that Emin's troops had rebelled, and, putting Stanley and Emin in chains, had delivered them to the Mahdi's troops. Lado is on the White Nile about 200 miles north of Lake Albert, where Emin expected to meet Stanley. Lado is 100 miles south of the northern boundary of the territory held by Emin.

THE appointment of Senator Lew. D. Baily, as district attorney for Indiana to succeed Mr. Sellers, indicates that the government is going to pursue the election frauds and boodle conspiracies in this state with no uncertain motive. Senator Baily is a very good lawyer, courageous, forcible and clean. Besides this, Attorney General Garland has engaged Mr. Solomon Claypool, of Indianapolis, to assist Mr. Baily in all election fraud investigations, and things do not look as comfortable for the managers of "blocks of five" as they did a day or so ago. Mr. Baily will be recalled in Fort Wayne as one of the democratic speakers in the last campaign. He can not hope to hold office long, but he is the sort of a man to improve each shining hour.

A clear head is indicative of good health and regular habits. When the body is languid, and the mind works sluggishly, Ayer's Cathartic Pills will assist in the recovery of physical buoyancy and mental vigor.

IT IS ALL FALSE.

That's What is Said About the Story of Alleged Embezzlement of Funds.

INDIANAPOLIS, Dec. 18.—The story that the republicans, who were sent by Chairman Huston to Pittsburg to get $40,000 raised by Chris Magee for use in Indiana, had embezzled the money and caused the deficit in the accounts of the state committee, is contradicted by all who are in a position to have trustworthy knowledge of the matter. Wm. Wallace, the treasurer of the state committee, said this morning that he knew nothing of anything of the kind having happened and believed it was wholly false. Attorney General Michener, who went to Pittsburg about two weeks before the election, and met Chris Magee about the alleged embezzlement, said that the story was a tissue of falsehoods; there was not one word of truth in it.

All those who anticipate making their wife or friend a Christmas present should call at 70 East Main street and examine the White Sewing Machine. Mr. Julius Mauth is the agent and can prove to you that a more useful present than the White Sewing machine could not be made. 15eod4t&wlt

A Peru Suicide.

PERU, Ind., Dec. 18.—Mrs. Mary A. Miller, a Dunkard, living seven miles from this city, committed suicide. Her husband missed her about midnight and on instituting a search found her lifeless body hanging at the end of a rope in the barn. Insanity is supposed to have caused the act.

Hon. C. Edwards Lester,

Late U. S. Consul to Italy, author of "The Glory and Shame of England," "America's Advancement," etc., etc., etc., writes as follows:—

DR. J. C. AYER & Co., Lowell, Mass.,

Gentlemen:—A sense of gratitude and the desire to render a service to the public impel me to make the following statement:

My college career, at New Haven, was interrupted by a severe cold which so enfeebled me that, for ten years, I had a hard struggle for life. Hemorrhage from the bronchial passages was the result of almost every fresh exposure. For years I was under treatment of the ablest practitioners without avail. At last I learned of

Ayer's Cherry Pectoral,

which I used (moderately and in small doses) at the first recurrence of a cold or any chest difficulty, and from which I invariably found relief. This was over 25 years ago. With all sorts of exposure, in all sorts of climates, I have never, to this day, had any cold nor any affection of the throat or lungs which did not yield to AYER'S CHERRY PECTORAL within 24 hours.

Of course I have never allowed myself to be without this remedy in all my voyages and travels. Under my own observation, it has given relief to vast numbers of persons; while in acute cases of pulmonary inflammation, such as croup and diphtheria in children, life has been preserved through its effects. I recommend its use in light but frequent doses. Properly administered, in accordance with your directions, it is

A Priceless Blessing

in any house. I speak earnestly because I feel earnestly. I have known many cases of apparently confirmed bronchitis and cough, with loss of voice, particularly among clergymen and other public speakers, perfectly cured by this medicine. Faithfully yours,

C. EDWARDS LESTER.

THE HUM OF THE WHEEL.

Dodging Snowflakes on the Route to Catch the News and Gossip of the Day.

The Wabash will pay off its employes Thursday.

Henry Hagerman has taken a position in the machine department of the Bass works.

There is but one republican mail agent on the Grand Rapids and Indiana railroad.

Henry Witte, of the Bass moulding rooms, so the boys say, has joined the White Caps.

There have been but few fatal wrecks in the railroads running through this city this year.

Henry Hilgeman, of the Bass works, had his hand badly mashed yesterday by a plank falling upon it.

Mr. Mackie, electrician of the Fort Wayne Jenney Electric Light works, is home from New York city.

Joseph Buckley, of the Bass blacksmith shops, has been off duty for a few days on account of inflammation of the throat.

The shops of the city will close down on Christmas and many of the employes are arranging to spend the day out of the city.

D. S. McCardel, general foreman of the Pennsylvania company's shops at Chicago, was a visitor at the company's works here to-day.

George Darker, clerk in the Bass offices, is quite sick at his home on Butler street. He has been confined to the house for several days.

The Chicago, Milwaukee and St. Paul road has issued handsome cards containing the portraits of the general passenger agent and his assistant.

A new locomotive engine left the Pittsburg shops this morning. It is the third of the old order, the other two now being in process of construction.

Ernest Cramer, of the Bass machine shops, is confined to his home with typhoid fever and inflamation of the bowels, and his condition is quite serious.

Capt. Robert Harrison, foreman at the Pittsburg car shops, is slowly improving, but he is still quite a sick man. He will not be able to resume duty for some weeks.

Henry Lohmeyer has resumed his position in the Bass moulding rooms. He was married several days ago, and has been absent from his duty at the shops in consequence.

W. C. Baade, clerk at the Pittsburg blacksmith shops, has sent in his order for new material for the department for the ten new engines which are to be built at the works.

Dakota will come into the union in first class, modern style. The railroads have begun running through sleepers and vestibule trains to Huron, the capital of South Dakota.

The Wabash had several dollars worth of brass stolen from one of their cars the other night, probably by the same thieves who went through the Pennsylvania and Muncie cars.

The Bass works are now turning out a large number of car wheels. "The outlook for a busy winter for my men is good," said Robert Crau, the foreman of the room, to our reporter.

F. C. Cherry, employed as a lamp trimmer at the electric light department of the Pittsburg shops, had his finger caught in the machinery this morning and it was badly mangled. He was compelled to go to his home.

The largest single item in the postal expense account of the National Government is that for the transportation of the mails on the various railways throughout the country. Over $5,000,000 is annually appropriated for this purpose.

"Don't Marry Him"!

"He is such a fickle, inconstant fellow, you will never be happy with him," said Esther's friends when they learned of her engagement to a young man who bore the reputation of being a sad flirt. Esther, however, knew that her lover had good qualities, and she was willing to take the risk. In nine cases out of ten it would have proved a mistake; but Esther was an uncommon girl and to every one's surprise Fred made a model husband. How was it? Well, Esther had a cheerful, sunny temper and a great deal of tact. Then she enjoyed perfect health and was always so sweet, neat and wholesome that Fred found his home most pleasant, and his own wife more agreeable, than any other being. As the year passed and he saw other women of Esther's age grow sickly, faded and querulous, he realized more and more that he had "a jewel of a wife." Good health was half the secret of Esther's success. She retained her vitality and good looks, because she warded off feminine weaknesses and ailments by the use of Dr. Pierce's Favorite Prescription.

LAFAYETTE, Ind., Dec. 18.—The Citizens' Natural Gas company, of this city, to-day purchased of the Indiana Natural Gas Fuel company, 4,000 acres of land, located near Kempton. The territory includes three gas wells, said to be the best in the Kempton field. The price paid has not been made public, but is in the the neighborhood of $40,000 cash down. The company will begin at once to pipe the gas to Lafayette and expect to secure a new ordinance at the next meeting of the city council.

Scrofulous humors, erysipelas, canker, and catarrh, can be cured by taking Ayer's Sarsaparilla. "I have used this medicine in my family, for scrofula, and know, if it is taken persistently, it will eradicate this terrible disease."—W. F. Fowler, M. D., Greenville, Tenn.

The farmers tell us that the growing wheat looks much better at this time than it has for several years, the mild character of the weather this fall and winter having enabled it to obtain an extraordinary good footing in the soil, so to speak. If the wheat meets with no unusual mishaps or back-sets it will get through the winter in splendid condition.

Railroad Shops Going to Lafayette.

LAFAYETTE, Ind., Dec. 18.—Colonel G. W. Friedly, solicitor for the Louisville, New Albany and Chicago railway, stated to-day that the report of the removal of the company's shops from New Albany to Indianapolis or Hammond was a canard. Lafayette, he said, was the objective point, and it was his belief that negotiations would be entered into here as soon as the work of building the freight house at Indianapolis was settled.

If the young men who call to see their girls these long winter evenings, do not wish to be met on the steps with the words, "Miss Laura is sick with a cold, and can't be seen," they would better keep her well supplied with Dr. Bull's Cough Syrup.
